

Thermocouple clip designed for narrow/small pipes

- K-type thermocouple that can be clip-mounted on pipes with outer diameters of $\phi 9.52$ (3/8 inch) and $\phi 6.35$ (1/4 inch) for narrow/small pipes
- The clip and thermocouple protection tube are made of stainless steel and welded together. It is easy to attach and detach, provides secure fastening, and enables accurate temperature measurement.
- Please use it in conjunction with our heating jacket for small pipes.
- We accept orders starting from a single unit.
